REMARKS

The present application is directed to modified viral particles. Prior to this Amendment and Response, Claims 1-2 and 28-47 were pending. In the present Amendment and Response to Restriction Requirement, applicants cancel Claim 32 and amend Claim 1 to correct a typographical error. The amendments do not introduce any new matter. Upon entry of the present amendment, Claims 1-2, 28-31, and 33-47 will be pending.

Election/Restrictions

In the Restriction Requirement mailed June 24, 2005, the Examiner requires applicants to elect, for examination purposes, only one of the sequences recited in Claim 32. Applicants cancel Claim 32, thereby rendering moot the Restriction Requirement. Accordingly, applicants request that the Restriction Requirement be withdrawn.
